PROFESSIONAL PROFILE

International Business Administration graduate with a Finance focus and a minor in FinTech. My experience spans capital markets, wealth planning and entrepreneurship. I combine financial analysis with Python and Excel to turn data into decisions and make everyday processes more efficient.

FINANCE AND CAPITAL MARKETS EXPERIENCE

Fides Financial by Goque Group

Personal Financial Strategy Consultant | Jan 2026 - Present

- Help individuals and families assess their finances and build protection, savings and investment plans aligned with their goals and risk profile.
- Manage client relationships, sales follow-up and periodic reviews of financial plans.

Credicorp Capital

Equity Trading Intern | Jul 2024 - Jul 2025

- Supported the equity and proprietary trading desk with daily P&L reports, trade booking and back-office reconciliations.
- Built Python scripts and Excel tools to automate reports and operational controls for equities and derivatives.
- Coordinated checks with Risk, Accounting and Treasury; supported presentations to equity and ETF issuers.

ENTREPRENEURSHIP

Cristetto | Coffee, Hospitality & Technology

Co-founder | Jul 2022 - Present

- Develop business models, financial plans and partnerships for an ecosystem connecting coffee, hospitality and technology.
- Translate operational needs into initiatives including Café Cristetto, Rist, Club Cristetto and Cris AI.

Financia tu Pyme S.A.S.

Co-founder and CEO | Nov 2022 - Jan 2024

- Led financial modeling and commercial strategy, coordinated a multidisciplinary team and acquired the FinTech startup's first clients.

EDUCATION
